Why Adarsh Vidyalaya Group of Schools?

At Adarsh Vidyalaya Group of Schools, we focus on delivering quality education and achieving results. The result is a pedagogic vision that combines professional seriousness with a teaching style that ensures success. Our teachers are all experienced, qualified professionals and know that learning, if it is to be effective, must be fun and engaging. We strive to help all students achieve their full potential, prepare all students for success, equip them with the ability and desire for lifelong learning, strengthening their civic, ethical and moral values.

Adarsh Vidyalaya Group of Schools is an artifact of the charitable community, Raipur Kerala Samajam of the late 20th century. In the year 1974 few of its senior members, put forward the then radical idea that an educational set-up was the ideal place for serving humanity. Raipur Kerala Samajam could withstand all the challenges with the spirit for a noble cause. It is now among the pioneers in educational expertise and excellence. Adarsh Vidyalaya Group of Schools is proud to be contributing its humble mite in the nation's noble mission of making citizens literate. There is no happiness except in the realization that we have accomplished something.
